I am in general agreement with the proposals made in the office notes. Subject to the revision made by the Ch. Secy in the Ministerial Establishment. It is, in my opinion, undesirable at times for a member of Council to be the chairman of such committees, and I think the problem may be met by appointing a Secy of the Ch. Ch. as chairman. It would, it seems to me, meet the requirements of the case.

As regards the composition of the Committee, it is not necessary I think to name all the heads of the administrative depts on the Committee. In dealing with appointments in any particular dept, the Head of the dept concerned may be co-opted.

I would restrict the functions [illegible] Board to supervision & direction. See that Board may receive the applications and after scrutinising the names, allot the Candidates to several depts and ask the offices making the appts to make their choice from amongst those Candidates and the actual appointments are to be carried out. If this is approved the maximum may be approved for the selection of Candidates & the work [illegible] supervision &c. may be assigned to the Efficiency audit branch &. In that case a large clerical establishment will not be needed. It will be quite sufficient if a Sr. Section clerk is appointed additional to the present establishment of the Efficiency audit branch.
